

To Our Valued Customers:

The West Coast Golf Group's first priority continues to be the health and safety of our guests and staff. Since the onset of the global COVID-19 outbreak, we have closely monitored the situation and kept up with the current recommendations from [The World Health Organization](#) and [Health Canada](#).

We have taken great care in educating our staff regarding illness prevention measures as laid out by the above mentioned organizations. In addition to staff training, we have expanded the already thorough cleaning and sanitizing procedures in place at all of our sites. Effective immediately, we are enforcing the Province's mandate that all gatherings larger than 50 people be temporarily postponed. For gatherings under 50 people, the Public Health Agency of Canada has released [risk considerations](#) to aid event organizers in the decision of whether to postpone an event.

British Columbia is also recommending against all non-essential travel outside of Canada, including to the United States of America. Following these recommendations, and for the safety of our staff and guests, anyone who has traveled outside of Canada is being asked to stay away from our sites for 14 days upon their return.

As this situation progresses, we will continue to monitor all developments and update our policies and procedures accordingly. If you have any questions, comments or concerns, our teams at [Swanaset](#), [Hazelmere](#) and [Belmont](#) are always available to assist.
